Kids Camp Alternatives

for Neighborhood Groups by Calvary Nexus Kids Ministry

Love Thy Neighbor

There are many ways to love your neighbor. Some ways church families are doing this is by baking cookies, offering a helping hand by helping with gardening, pulling trash-bins up after trash day or just simply waving and smiling can let them know you care!

How do we love on the kids in the neighborhood? We take Kids Camp to the neighborhood! The kids ministry team has researched and found some helpful articles that should help your Neighborhood Group to engage kids in your neighborhood. If you have been thinking of ways to engage the neighborhood kids these articles are super helpful in thinking outside the church walls. We encourage you to take a look, pray for God's leading and bring Kids Camp to your neighborhood this year!

In addition to the article links, we have included free Vacation Bible School material if you want to get your group together and host a larger backyard event. To keep it simple, we have also included a downloadable discipleship guide & activity booklet, *Growing up in Christ by Truth Quest*¹ that you can handout to the kids in your group. This guide will help children and their parents grow in Christ. If you would like a hardcopy of any of the articles or the guide, please email us kidsministry@calvarynexus.org.

However God prompts you, the main thing to remember is that God will guide you and God's word never returns void (Isaiah 55:11 NKJV). Thank you for taking time to invest in HIS children!
